Subject: No on Medicaid Expansion

Dear Rep Mead,

Please convey to the Committee on Michigan competitiveness or any other such legislative body that I am opposed to Medicaid Expansion in

Michigan. Cooperation in such instruments acknowledges that Obamacare is valid and ACCEPTED by the people and the peoples representatives.

IT IS NOT.

Governor Snyder is wrong.

thank you,

Good morning, Dave. It was a pleasure chatting you with after yesterday's committee hearing. Please inform the GOP house members that HB4714 is very bad for Michigan and should be defeated. Everyone will be watching this vote very carefully..

Cheers,

Dennis Marburger

I am compelling you to not bring HB 4714 out of committee.
Everyone who votes for this will bring the wrath of voters against them in 2014, including the governor.

Dear Mr. Mead,
Please add my letter below to the record for todays meeting as well.....

Dear Representative:

I am writing this letter in protest of the latest attempt to push this horrible healthcare legislation down our throats. We have let you all know in no uncertain terms how we feel about this, not just in Michigan, but citizens across this country, 36 states, have not accepted the exchanges and want this bill repealed, and will not accept the backdoor tactics to keep this moving forward. Calling in Kathleen Sebelius does not change the fact that this legislation will destroy our healthcare system and as the government takes control, we will lose our individual control over every aspect of our ability to care for our health as well as destroy the private relationship we now have with our doctors. Are you willing to ignore the pleas for help from the citizens of this state and country, and continue on the path that has been set and accept the terms "dictated" by this government, and help to destroy our liberty and freedom to decide what is best for ourselves and our loved ones, or are you willing to stand up and fight for the people who sent you to represent them and the security and freedom that was given to us by our forefathers, as written in our Bill of Rights and our Constitution. I implore you to understand your constituents, understand the depth of a destructive path this country is on, the deceptive methods used to impose legislation on the public that only furthers the pain Americans will be

subjected to when fully implemented, and vote against this latest attempt to co-op the people by bypassing their will and accepting the “temporary” candy being held out by the federal government. Look around you and ask just where all of this money is coming from as we try our best in the private sector to keep our heads above water. Vote against HB 4714 and help to put this state and this country on the right path. Stop this now.....It is up to our elected officials to return this country to our constitution and our Bill of Rights and allow the private sector to find a solution to our health care problems through our “free markets”, rather than give the federal government unprecedented power over our individual liberty. Please listen to the people whom have been trying to show you how we feel about this. Our officials that we send to represent us, have to start doing just that, REPRESENT US!!

Thank You

Elizabeth Gillanders

Precinct Delegate

10th District

It will take strong support and incentives to reverse the victim class trend in Medicaid. To reset the goal of patient strength and independence, I would encourage the committee to explore free market options such as HSA's and particularly early-out incentives. Obviously, reform will fail if implementation depends upon employees incentivized by job security, increased numbers and prolonged dependency of Medicaid participants. Policy change in private sector employees often occurs through fresh leadership and bonus and reward systems. Please, do whatever it takes, for the sake of Michigan's health and freedom.

Thank you for your consideration.

To All Michigan Congressmen;

HB 4714, the Medicaid Expansion bill is unconstitutional.
Vote NO.

You have been kicking this around too long. It has only gotten worse since you started the debate.

No matter how much money the feds are offering you, no matter how many side deals they will give to you, the bottom line is this is a very bad bill for the people of Michigan. The State of Michigan does not have the legal authority per the US Constitution nor it's own Constitution to provide health care to anyone. It is against the rule of law and most of you know it. Yet the casino between you and the feds continue.
Its been a great show and I'll bet a dime the people will lose.
Please prove me wrong.

Respectfully,

James McKindles

Subject: Opposed to Obamacare navigators and medicaid expansion

Please vote against these bills. Tyranny commenced with passgagge of Obamacare and intensified by Supreme Court decision to call it a tax. It was passed in secret against wishes of majority of population and promoted as saving medical expense when the opposite is true. Obama increased coverage of young adults and for prior health conditionsh which produced higher costs and forved premiums higher. Why doesn't State Insurance Commisioner speak out about this blatent unbudgeted mandate thrust on the citizenry?
